

CUSTOM DESK TOP CONSOLES

CP-07* (Extra Large)

CP-04* (Small)

CP-05 (Medium)

CP-06 (Large)

* Photo shows console size. LED and push buttons to be specified.

Camden desk consoles deliver reliable control and monitoring of doors in security and access control applications. Engineered to meet a wide range of security requirements, these consoles can operate and supervise electric strikes, electromagnetic locks, electromechanical exit devices, or other electric locking systems.

Ideal for control rooms, reception areas, or security desks, each console supports multiple zone operation, allowing both momentary or maintained switch functions. Push buttons provide intuitive control and monitoring of assigned zones, while a built-in sounder gives an audible alert whenever a monitored condition changes—corresponding to the red or green indicator lamps.

For enhanced security, console operation can be restricted using a key switch to prevent unauthorized access.

Camden desk consoles offer a dependable, flexible, and professional-grade solution for managing secure access and emergency monitoring systems.

Features

- Slope front design 10° angle, with anodized faceplate for a durable housing
- Each station (can include) maintained or momentary single pole, double throw (SPDT) push button switches
- Red and green indicators
- Optional security key switch
- Optional signaling sounder with alarm reset button
- 12 or 24 VDC operation

Configuration Options

- Individual push buttons to control a specific maglock or door strike. Red or green indicators connected to the door hardware monitor switch provide confirmation when the door is open/closed or locked/unlocked.
- A sounder to audibly alert a change in state of any of the peripheral devices the console is monitoring or controlling.
- A central control cabinet providing all power for the entire system and discreet terminals for easy wiring to all the system peripheral devices.

SPECIFICATIONS

- ABS UL94V-0 side panel material
- Extruded Anodized Aluminum A6063S-T5 front and back frames
- Aluminum A1100 Silver anodized front and back plates
- Four rubber adhesive feet

DIMENSIONS

Part Number	Imperial (W x H1 x H2 x D) inches	Metric (W x H1 x H2 x D) millimeters
CP-04 (Small)	4-5/16" x 1-3/32" x 1-29/32" x 4-13/32"	110mm x 28.4mm x 48.6mm x 110.5mm
CP-05 (Medium)	6-5/16" x 1-3/32" x 1-29/32" x 4-13/32"	160mm x 28.4mm x 48.6mm x 110.5mm
CP-06 (Large)	8-19/32" x 1-3/32" x 1-29/32" x 4-13/32"	220mm x 28.4mm x 48.6mm x 110.5mm
CP-07 (Extra Large)	14-7/32" x 2" x 3-29/32" x 11"	360mm x 50mm x 99mm x 280mm
