**CUSTOM LENGTH PROGRAM**

Power Transfer Cables can be ordered in custom lengths in inches. The models will be preceded by "CC" instead of "CM". Each power transfer cable category has a base number, followed by XX in inches. Pricing is based on a base price, plus a price per inch.

For Example: CC-PT375S-14 is a custom stainless steel power transfer cable, sized 3/8" inside diameter x 14" long

<b>CC-PT250SS-XX</b>
Stainless steel power transfer cable, 1/4" inside diameter
<b>CC-PT375SS-XX</b>
Stainless steel power transfer cable, 3/8" inside diameter
